

# SkyeDen

PART # SKYEDEN-1

The skyeden™ rooftop tent is designed for all-season adventures and can accommodate up to 3 people (33 sq. Ft. Floor). This tent comes partially assembled and requires very little prep time for installation on your vehicle/camper.

- Constructed from coated 600 denier and a 260g poly-cotton blend.
- Made to withstand the elements of any season.
- Tent fabric is UV resistant and withstands the elements of any season.
- Mesh panels offer plenty of ventilation and open for more airflow.
- Four large internal pockets for storing gear and camping accessories.
- Includes a 2" high-density foam mattress for added comfort.
- Weather resistant, powder coated, light weight aluminum flooring.
- Removable waterproof 420-denier polyester rain guard with tension rods, and stakes.
- Extendable lightweight aluminum ladder.
- PVC waterproof travel cover.
- Universal roof rack mounting hardware included.
- Complete package weighs 105 lbs.

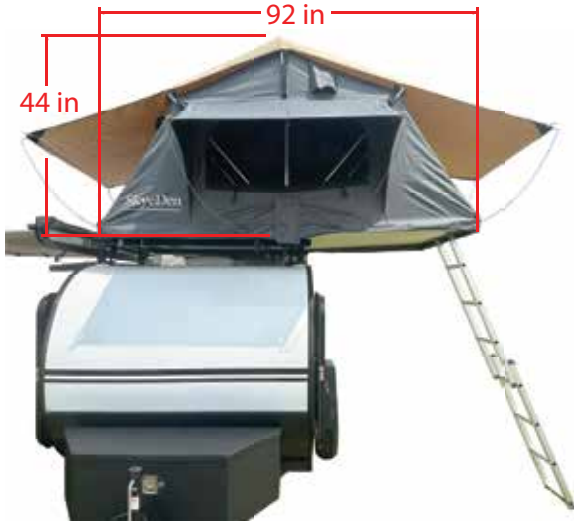

SkyeDen™ is compatible with any properly equipped vehicle.

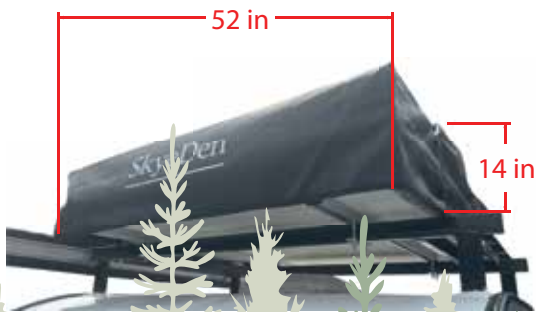

SkyeDen™ has a spacious interior covered wall to wall with a comfortable 2 inch thick memory foam mattress with removable cover for machine washing.

Three large windows and a door designed with heavy-duty zippers for both screens and solid weather resistant fabric panels for ventilation. During those cold evenings when your tent is closed up air flow is made possible through two vent ports that include screens.

Four built-in easily accessible storage pockets for belonging.

SkyeDen's™ dimensions are designed to maximize available space for travel on virtually any small to medium sized vehicle with properly equipped mounting rails. Upon arriving at your destination 1 to 2 people can setup this rooftop tent in approximately 20 minutes giving you more time to relax.

Heavy-duty adjustable aluminum frame rails provide easy installation of your SkyeDen™ for piece of mind during transit to your destination and while relaxing up top.
